Experience

Brex

Senior Software Engineer, Frontend *2022 - Present*

React, Typescript, GraphQL, NextJS, Sanity, Vercel, Node

> - Built Design Systems for both Brex product dashboard and Brex.com
> - Owned all aspects of the Brex.com marketing website, including custom CMS implementation, NextJS site, and hosting
> - Implemented base visual components for Brex.com product design system
> - Led an overhaul of navigation and information architecture, resulting in a significant decrease in negative NPS responses regarding wayfinding

Ironclad, Inc.

Manager, Software Engineering *2020 - 2022*

> - Led and grew a team of 12 software engineers across 2 product teams
> - Worked closely with Product Management and Design to create product strategies and roadmaps, communicate cross-functionally, and ship meaningful product features
> - Provided mentorship and guidance via code and technical architecture reviews
> - Created and rolled out team processes for multiple teams of engineers, quality engineers, product managers, and designers
> - Post-acquisition, led initiative to integrate Pactsafe tech and team into Ironclad
> - Led cross-functional effort to migrate customers off and deprecate legacy workflow-building tool

Software Engineer *2018 - 2020*

React, Typescript, GraphQL, Node, MongoDB, Postgres

> - Joined Ironclad at <40 employees and built core functionality across the stack including contract reporting, Salesforce integration, and commenting
> - Built core features for Workflow Designer including conditional logic controls, form-building tools, and contract record management, which enabled Workflow Designer to become a core product differentiator for Ironclad
> - Led a large-scale rewrite of eSignature integrations and in-app experience to improve product experience and remove tech debt

ThirdLove *2017 - 2018*

Instacart *2015 - 2017*

Skills

Javascript • Typescript • React • CSS • HTML • Jest • React Testing Library • NextJS • Server-Side Rendering • Sanity • GraphQL Node • SQL • Git • Web Performance • Web Accessbility • Engineering Management • Product Management • Design Systems

Education

Hack Reactor *2018*

Advanced Full-Stack Software Engineering

DePaul University *2014 - 2018*

M.S. Predictive Analytics / Data Science

DePaul University *2010 - 2014*

B.A. Communications
